HOTEL/MOTEL OCCUPANCY STATISTICS

INTRODUCTION

The Department of Tourism and Small Business hired the consulting firm, Laventhol and Horwath, to carry out a survey of hotel/motel occupancy in Saskatchewan. This report outlines the consultant's findings for 1982 and 1983.

DEFINITIONS

For the purposes of the survey, the Province was divided into seven regions (see map on page 2):

Region 1 - Frontier Vista: This region is bound by Highway #6 from the U.S. border to Regina; by Highway #11 from Regina to Saskatoon; by Highway #7 from Saskatoon to the Alberta/Saskatchewan border.

Region 2 - Prairie Valley: This region encompasses the area from the U.S. border along Highway #6 to Regina; from Regina along Highway #11 to the junction of Highway #15; east along Highway #15 to the junction of Highway #6; south along Highway #6 to the junction of Highway #22; Highway #22 to Highway #10; Highway #10 to Highway #15; along Highway #15 to the Manitoba/Saskatchewan border.

Region 3 - Heritage Trail: This is the area bound from the Alberta/Saskatchewan border by Highway #7 to Saskatoon; from Saskatoon by Highway #41 to Highway #27; Highway #27 to Highway #2; Highway #2 to the City of Prince Albert; from Prince Albert to Prince Albert National Park; along the west boundary of Prince Albert National Park to Smoothstone Lake; west from Smoothstone Lake to the Alberta/Saskatchewan border.

Region 4 - Woodland Park: This is the area bound from the Manitoba/Saskatchewan border by Highway #13 to the junction of Highway #10; west along Highway #10 to the junction of Highway #310; from Highway #310 to Highway #6; north along Highway #6 to Raymore; from Raymore to Highway #15; Highway #15 to Highway #11; along Highway #11 to Saskatoon; from Saskatoon north on Highway #41 and Highway #2 to the City of Prince Albert; from Prince Albert to Prince Albert National Park, including the Park; from Prince Albert National Park east to the Saskatchewan/Manitoba border.

Region 5 - Bridge City: The City of Saskatoon

Region 6 - Queen City: The City of Regina

Region 7 - Northern Shield: Primarily the area north of Prince Albert National Park.

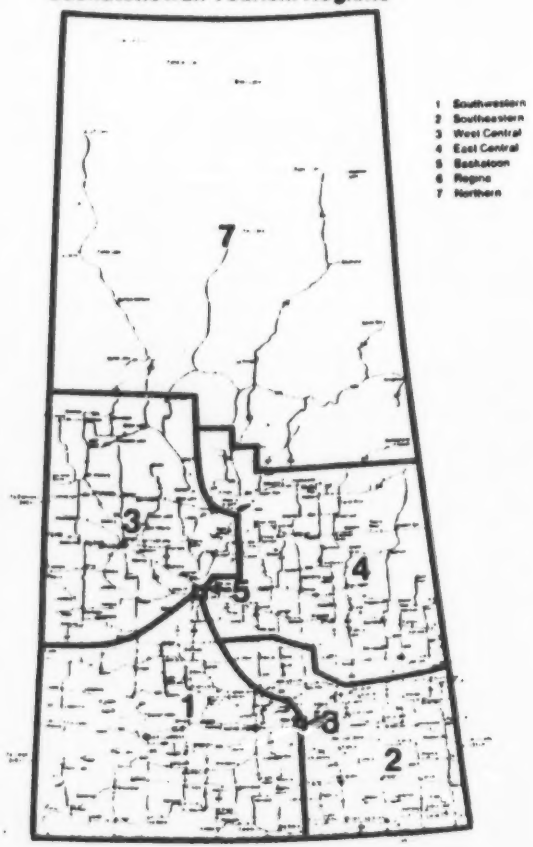
METHODOLOGY

In December, 1983, questionnaires and a package of information describing the hotel/motel occupancy project were sent to 338 hotels and motels throughout the Province.

In January, 1984, consultants travelled throughout the Province meeting personally with over 150 operators to discuss the program and encourage participation. The remaining properties were contacted by telephone, most while the consultants were in the Province.

In February,1984, the properties which had not yet submitted a completed questionnaire were sent a letter reminding them of the program and reiterating the survey's value.

Saskatchewan Tourism Regions



During the last week in February and the beginning of March, each property which had not yet submitted a completed questionnaire was telephoned to answer questions and encourage the immediate return of the completed questionnaires.

As well, hotel/motels were classified on a scale of One to Five, with Classification One representing minimum facilities and services, and Classification Five representing luxurious facilities and services.

In total, 63 usable questionnaires were received. Additionally, 16 operators responded with either letters of refusal, or questionnaires that only contained a few months of data because of ownership changes, or questionnaires that provided insufficient information because of a reluctance to devulge revenue data.

The questionnaires which were completed and returned represent 28% of the total rooms in the sample. More specifically, this figure breaks down as follows:

Regions	Number of Rooms (Responses)	Number of Rooms (Surveyed)	Percentage Responding

Hotels/Motor Hotels	420	1,205	35.0%

*Number of beds.

It was found that most of the operators did not complete the resident and non-resident information on the questionnaire. The following list indicates the number of operators who did provide this information:

NUMBER OF RESPONDENTS WHO PROVIDED INFORMATION ON
SASKATCHEWAN OCCUPANCY BY NON-SASKATCHEWAN RESIDENTS

Regions	Hotels/Motor Hotels	Motels	Lodges
Frontier Vista (#1)	4	7	-
Prairie Valley (#2)	1	1	-
Heritage Trail (#3)	-	-	-
Woodland Park (#4)	2	2	-
Bridge City (#5)	1	1	-
Queen City (#6)	3	1	-
Northern Shield (#7)	-	-	6

To provide as much information as possible without disclosing individuals' property results, some of the categories in the analysis were broadened. Hotels/motor hotels were divided between properties with less than 125 rooms and properties with more than 125 rooms. Motels were divided between properties with less than 40 rooms and properties with more than 40 rooms. The classifications were adjusted by combining Classifications 1 & 2 and 4 & 5. Additionally, the resident and non-resident information was calculated by region, still separating hotels/motor hotels and motels.
